

Hello!

My name is ~.

I go to \_\_\_\_\_ elementary / junior high school.

Today, I'd like to tell you all about Choshi.

Have you heard of Choshi?

Choshi is a fishing town located on the east-coast of Japan.

The busiest port in the whole country is surrounded by a lot of historical and natural sites.

Here you can enjoy fresh seafood with local soy sauce.

Take the small train to visit Inubosaki lighthouse, Tokawa fishing village built on steep slopes

and Byobugaura cliffs recognized by the Japan Geoparks Network.

Come and enjoy the unique atmosphere of the Japanese countryside.

You are always welcome!
